

The Moon Trophy 2017

The Moon Trophy is awarded each year for sporting excellence.

All our year 6's should be congratulated for their contribution to school sport whilst at Sandon. They have all represented our school in a variety of activities. They have also been part of the newly formed Sports' Crew and been active at lunchtimes and playtimes helping our younger pupils get involved in physical activity – thank you!

The winners of this year's trophy have played a very big part in school sport for a number of years – for one, finding school kit small enough when they were first involved was quite a challenge! I know they have both been extremely proud to represent our school and I hope, for one, it was not just the lure of missing time out of the classroom! There has never been any question about their determination and desire to do well and they have always given 100% when competing. The list of activities that they have represented our school is extremely long and no team sheet is complete without their names. It has been a pleasure to see them develop and improve their skills. They have also shown that they can be leaders and this was especially apparent on sports day when I saw them manage, encourage and motivate their younger teammates.

I know sport will continue to be an important part of their lives when they move on to senior school and that they will embrace new opportunities for further developing their sporting potential.

The winners of this year's Moon Trophy for Sporting excellence are:

Ella Buky

and

Archie Rolfe
